

Recycled Rides for New Jersey

Sep 1, 2017 – Soldiers' Angels has a national partner who donates "Recycled Rides" to service members and veterans. A wonderful low mileage vehicle has been identified for giveaway in the Philadelphia area. We are looking for service members or veteran families for this donation. Requirements are...

- The family cannot currently have a vehicle.
- The veteran must have a valid driver's license.
- The veteran must have enough financial resources to be able to handle future maintenance and auto insurance.
- The veteran must not have any pending or previous felony arrests or convictions.
- The veteran must live in New Jersey.

Please email Amy Palmer at apalmer@soldiersangels.org a bio about themselves, their family, their service, their current situation, their phone number, and how a vehicle would benefit them.
