

Changes to VVA Legislative Action Center

November 18, 2019

Good evening Advocates;

Vietnam Veterans of America has changed our online grassroots advocacy program to Voter Voice, this program replaced CapWiz. The new services have the same old feel as CapWiz, with a different look moreover provide more tools in the tool box to better inform grassroots advocacy network when to take action on congressional bills, up-to-date the network on current affairs in the state, local and federal level that impact the lives of Vietnam veterans and their families.

Stay tuned, the Voter Voice site will be live on VVA website Legislative Action Center <https://www.vva.org> very soon.

Thanks

VVA Government Affairs Team

Vietnam Veterans of America is the nation's only congressionally chartered veterans' service organization dedicated to the needs of Vietnam-era veterans and their families. VVA's founding principle is "Never again will one generation of veterans abandon another."
